MINISTER FOR HEALTH
3-FEB 1953
GOVERNMENT OF MADRAS

Sir,

Sub: Local Fund Dispensary at Hosdrug in South Kanara - Raising into a hospital.

Hosdrug Sub-taluk in South Kanara is an independant sub-taluk with a population of about 2,00,000. There is one Local Fund Dispensary at Hosdrug only to serve the medical needs of the entire population of this sub-taluk.

Recently a gentleman of this place has been gracious to construct a building costing about Rs.15,000/- and donate it to the District Board with eight beds. In addition, there existed facilities for four in-patients as well as a seperate maternity ward.

But since the above is only a dispensary, the poor, for whom such institutions are meant, are not in a position to utilise the existing facilities available, because of their inability to afford maintenance while in the dispensary.

Hence I request that the dispensary may be taken up by the Government and raise it into a hospital, just as the dispensary at Karkal was taken up by the Government, in view of the number of people it is sought to serve and also Hosdrug being the headquarters of the Sub-taluk which is independant in many other respects.

If it is not possible for the government to take up the dispensary at present, I request that the District Board may be permitted to raise it into a hospital, to which effect, I understand they have already passed a resolution, recently, on representations of the people of this locality.

Yours faithfully,

M. Narayanan

Dear Sir,

The question of the Government taking over the Local Fund dispensary, Hosdrug or allowing the District Board to raise it to the grade of an hospital has long been pending consideration before the Government. I am enclosing herewith a copy of the letteraddressed to you on 31st January, 1953. A reply was received from Government on 6th February, 1953 to the effect there the matter was under consideration. Later I got a reply on 31st January, 1953 in the following terms. "I am to state that the question of taking over of the Local Fund and the municipal medical institutions during 1953-54 has been deferred. The question will be considered next year."

It is prayed that the matter may be considered favourably this year for reasons stated in my original letter.

Yours faithfully,

Meloth Narayanan Nambiar
